

EZ EDGE™ TRANSITIONS

brought to you by ACCESSIBLE SOLUTIONS

888-534-9211 debbie@MakeYourHomeAccessible.com

EZ Edge[™] Rubber Transition Product Line:

In this catalog you will find the world's largest selection of recycled rubber transition ramps. Designed for durability and safety, these ramps can be used in the harshest conditions for both exterior and interior applications for commercial and residential purposes.

We were the first to receive a U.S. Patent for recycled rubber transitions and have been supplying the architectural and building industry for over 24 years with high quality, long lasting barrier removal products. All EZ Edge[™] transition products come with a 10 year standard warranty and have been featured on national programs such the History Channel and This Old House.

SafePath[™] is recognized as the leader in "green product" barrier removal products, which are made from 100% post-consumer recycled tire rubber material. Only the highest quality recycled material is allowed in our products and we guarantee each and every product produced for workmanship, durability, safety and years of maintenance free use.

EZEdge™&Stonecap™Threshold Ramp InstallationInstructions

 It is imperative that your substrate is CLEAN & FREE OF DEBRIS before beginning installation. A clean, dry substrate ensures maximum adhesion.
 Dry fit the product by placing it flush against the threshold.

- 3. Use painter's tape to outline the ramp.
- 4. Remove ramp.

5. Generously apply adhesive to substrate. (We strongly recommend *SikaFiex 1a* brand adhesive). For best results, apply with a caulking gun, then use a notched cemenUgrout hand trowel to spread evenly.

6. Replace ramp onto adhesive surface.

Apply pressure to ramp evenly. Some glue may leak out onto tape.

8. After ramp is in place with adhesive,

carefully remove painter's tape.

9. Excess adhesive can be cleaned from the substrate or product by applying acetone or paint thinner.

**If not permanently adhering the ramp to the sub-floor you may use a "temporary" silicon based adhesive or commercial double stick tape.

Note: Excess adhesive will stain clothing, shoes and carpet immediately clean any excess.

WARNING

We DO NOT recommend the use of a power circular saw to cut ramp products. The use of any electrical, battery, or pneumatic powered circular saw may result in serious injury due to unexpected binding, grabbing, or pinching of ramp material.

Polyurethane elastomers are fully reacted polymers, forming articles with are not considered hazardous under OSHA's criteria in 29CFR1910.1200.

Section II – Hazardous Ingredients/Identity Information

Hazardous Components (Specific Chemical Identity/Common Name(s))

<u>OSHA PEL</u>

ACGIH TLV

NIOSH REL %(optional)

None

Section III – Physical/Chemical Characteristics

Boiling Point	N/A	Specific Gravity (H2O=1)	N/A
Vapor Pressure (mm Hg.)	N/A	Melting Point	N/A
Vapor Density (AIR=1)	N/A	Evaporation Rate (Butyl Acetate=1)	N/A
Solubility in Water	N/A		
Appearance and Odor	N/A		

Section IV – Fire & Explosion Data

Flash Point (Method Used:	N/A	Flammable Levels:	LEL: N/A	UEL: N/A
Extinguishing Media:				
Special Fire Fighting Procedures:	Wear pressure demand self-contained breathing apparatus and protective clothing			
Unusual Fire and Explosion Hazard:	N/A			

Section V – Reactivity Data

Stability: Stable 🗷 Unstable 🗆	Conditions to avoid: N/A		
Incompatibility (Materials to avoid):	N/A		
Hazardous Decomposition or Byproducts:	Oxides of Carbon and Nitrogen		
Hazardous Polymerization:	May Occur 🛛 Will Not Occur 🗷	Conditions to Avoid: N/A	

Section VI – Health Hazard Data

Route(s) of Entry:	Inhalation? No	Skin? No	Ingestion? No
Health Hazards (Acute & Chronic):			
Carcinogenicity:	NTP? No	IARC Monographs? No	OSHA Regulated? No
Signs & Symptoms of Exposure:	N/A		
Medical Conditions Generally Aggravated by Exposure:	N/A		
Emergency & First Aid Procedures	N/A		

Section VII – Precautions for Safe Handling

Steps to be taken in case of material spillage or release:	N/A
Waste Disposal Method:	Dispose of in accordance with Federal, State and Local Environmental Regulations.
Precautions to be taken in Handling & Storing:	N/A
Other Precautions:	N/A

Section VIII – Control Measures

Respiratory Protection (Specify				
Type):	N/A			
Ventilation:	Local Exhaust: N/A	Mechanical (Ge	neral): N/A Special: N/A	Other: N/A
Protective Gloves:	N/A	Protective Eyewear:	N/A	
Other Protective Clothing or	N/A			
Equipment:	N/A			
Work/Hygiene/Maintenance	N/A			
Programs	N/A
